Through SCAD Summer Seminars, SCAD Rising Star, and joint enrollment, you’ll make trendsetting work, make career connections with acclaimed professors, and make new friends as you experience college life up close.

Get ready to make a splash!
SCAD Summer Seminars

Connect with creatives from around the world at SCAD Summer Seminars. During this weeklong program, participants choose two workshops from a palette of award-winning academic programs, including animation, fashion, film and television, graphic design, illustration, interior design, photography, sequential art, and more.

Nightly activities and events offer Summer Seminars students the chance to make friends who share similar interests, network with current SCAD students, and experience the local community. Participants are instructed by SCAD professors, alumni, or select graduate students in small classes of fewer than 20 participants, maximizing individual attention and collaboration. At the end of each week, SCAD Summer Seminars students celebrate their accomplishments and work with family at an open house. For more information, visit scad.edu/sss.

Open to current high school freshmen, sophomores, and juniors.

Atlanta
Session I: June 12-17
Session II: June 26-July 1
Session III: July 10-15
Session IV: July 17-22

Savannah
Session I: June 12-17
Session II: June 26-July 1
Session III: July 10-15
Session IV: July 17-22
Session V: July 24-29

Kick back at SCAD Beach, an immersive installation at the SCAD Museum of Art.
I took a workshop in fashion illustration, and I became obsessed. I loved the campus and the professors, and I left that week knowing I wanted to do more at SCAD.

Chelsea Gross
Associate designer, Abercrombie & Fitch
SCAD B.F.A., fashion, 2019
Alpharetta, Georgia

Students refresh and relax at one of several SCAD food trucks and eateries.
SCAD Rising Star

Live life as a SCAD student this summer. Over five weeks, SCAD Rising Star students complete university coursework and earn college credit before they start full-time studies. Rising Star students enroll in two courses and receive individualized instruction from SCAD faculty.

Courses are taught in inspired SCAD spaces, and students live in university residence halls. All Rising Star students have access to industry-standard technology, software, and resources to complete their class assignments, including 4K cameras, 3D printers, and the full Adobe Creative Suite.

Open to current high school juniors.

Students stay connected outside of class through the communication platform Slack. Throughout the session, Rising Star students are invited to exclusive events to learn more about renowned SCAD programs, meet current students, and explore SCAD opportunities like SCADpro, the university’s innovation design studio. At the end of the program, a gallery exhibition celebrates student work created during SCAD Rising Star. For more information, visit scad.edu/rs.

Atlanta and Savannah program dates
June 19–July 22

SCAD Rising Star students build the foundation to succeed at SCAD, earning credit for creative degrees and forging lasting friendships with peers from all over the world.

I started college with a year finished and ready to take advantage of all the opportunities SCAD offers.

Monica Benya
3D artist, Rec Room
B.F.A., interactive design and game development, 2019
Dulles, Virginia
My summer experience drove me even more to do what I wanted to do. There wasn’t any choice in my mind — I had to come to SCAD.

Luke Vuilliomenet
M.F.A. visual effects; B.F.A., visual effects, 2019
Prospect, Kentucky

Admission requirements
› Completed online application
› US$100 nonrefundable application fee

SCAD communities offer easy access to inspirational spaces where students study, learn, and collaborate.
Joint enrollment

Take the next step to SCAD with joint enrollment, the university’s online pre-college program. Through SCADnow, joint enrollment students enroll and complete for-credit, university-level courses in art, history, design, digital media, drawing, and more.

SCAD joint enrollment courses are available during each of the university’s academic quarters, and students have access to a comprehensive array of digital resources. All eligible SCAD Rising Star alumni are automatically reviewed for joint enrollment admission. For more information and to apply, visit scad.edu/joint-enrollment.

Dates (10-week quarters)

Fall: Sept. 13–Nov. 18, 2021
Winter: Jan. 5–March 15, 2022
Spring: March 28–June 2, 2022

Admission requirements
